- Responsible for completing small – large metro market projects.
- Complete misc. projects including demographic, traffic, competitive / market analysis, etc.
- Involvement in special projects as required.
- Ability to travel independently throughout U.S., complete assigned projects
- Develop awareness of industry trends and developments.
- This role requires 80-95% travel, majority in a regional market (Mid-Atlantic US) additional travel outside of region as required

Behaviors/Skills:

Some of the Behaviors needed to successfully perform this position are:

- **Customer First** - Anticipates customer needs, exceeds customers' expectations, gains customers' trust and respect, builds efficient working relationship.
- **Communicates effectively and candidly** - Communicates clearly and directly, approachable, relates well to others, engages people and helps them understand change, provides and seeks feedback, articulates clearly, actively listens.

- **Achieves results through teamwork** – Is open to diverse ideas, works inclusively and collaboratively, holds self and others accountable, involves others to accomplish individual and team goals.
- **Leads through positive influence** – Demonstrates strong character; builds partnerships; models a conscious balance between work and personal life; takes personal responsibility for own development; role models leadership qualities such as motivation, inspiration, passion and trust.
- **Team contribution** - Develops and cares about associates, builds and participates in effective teams, helps people be their best, values and manages diversity, provides candid and constructive feedback.
- **Works independently** – is able to work from home office without direct supervision maintaining a high level of productivity and efficiency.
- **Leads change and innovation** - Challenges the status quo, embraces technology, puts forward creative ideas, champions and implements process improvements, gathers the ideas of others, demonstrates good judgment about which ideas will work.
- **Executes with excellence** - Is action oriented, drives for results, sets clear expectations and milestones, reviews progress, acts decisively, solves problems, can be counted on to consistently meet or exceed goals.
- **Provides clear and strategic direction** - Plans and organizes well, sets a clear and simple course of action, stays focused on the most important priorities, has the ability to visualize and plan for the future, understands the industry and marketplace.
- **Safety Awareness** - Identifying and correcting conditions that affect employee safety; upholding safety standards.
- **Building Partnerships** - Identifying opportunities and taking action to build strategic relationships between one's area and other areas, teams, departments, units, or organizations to help achieve business goals.
- **Decision Making** - Identifying and understanding issues, problems, and opportunities; comparing data from different sources to draw conclusions; using effective approaches for choosing a course of action or developing appropriate solutions; taking action that is consistent with available facts, constraints, and probable consequences.
- **Initiating Action** - Taking prompt action to accomplish objectives; taking action to achieve goals beyond what is required; being proactive.
- **Negotiation** - Effectively exploring alternatives and positions to reach outcomes that gain the support and acceptance of all parties.
- **Results Oriented** – Setting high goals for personal and group accomplishment: using measurement methods to monitor progress toward goal attainment: tenaciously working to meet or exceed those goals while deriving satisfaction from the process of goal achievement and continuous improvement.
- **Technical/Professional Knowledge, Compliance and Skills** – Achieving a satisfactory level of technical and professional skill or knowledge in position and/or related areas; keeping up with current developments and trends in areas of expertise. Ensures associates and location comply with laws and regulation applicable to the company.

Minimum Position Qualifications :

- High School Diploma or GED preferred.
- Creative / analytical minded individual.
- Prior grocery store operation experience beneficial.
- Detail orientated and possesses a high degree of initiative. Ability to prioritize and manage multiple overlapping projects simultaneously. Sense of urgency.
- Strong written and verbal communication skills including ability to communicate analyses and recommendations to senior management.
- Strong analytical and organizational skills.
- Ability to meet tight deadlines and handle confidential information.
- Must be able to collaborate well within and across teams as well as work autonomously.
- Proficiency with MS Excel, Word, PowerPoint and Internet research. Knowledge of GIS technology beneficial.
